Automated Cleaning cycles and **HACCP** compliant WMF Plug & Clean Milk System allow the user to clean with the press of a button, saving time and operation costs.

Even with its compact size, the 1100S still features all of WMF's market tested innovations, including the removable WMF professional brewer system.

The 1100S features a steam arm and hot water outlet to allow the user the function of barista mode and the enjoyment of tea as well.

The 1100S keeps it simple with an intuitive touch 7" display that features customisable images, backgrounds and quick and easy guidance through the various menus.

The 1100S is more environmentally friendly with reduced energy consumption, fewer chemicals and almost entirely recyclable.

An optional extra, the WMF My Coffee App allows customers to create their own individual and custom coffee recipes directly from their smartphone.

The 1100S allows for quick and easy backup, recipe loading, and software updates using a USB stick.

The 1100S screen can be used for advertising, up-selling, cross promotion and internal communications.

Stylish integrated LEDs light up the preparation area and create subtle ambience for the user.

The 1100S features multiple easy to use adjustments including a manual coffee insert which allows you to use other types of coffee eg. Decaf or single origin.

WMF NZ have a NZ wide sales & service network with trained service engineers.
