WMF Coffee Machines
New Zealand

5000S

PERFECT FOR **400+** COFFEES PER DAY.

The 5000S is a high volume super automatic coffee machine, which produces real espresso based specialty coffee beverages, at the press of a button. It is recommended for a daily volume of 400+ beverages and features all of WMFs industry leading technologies and more.

The WMF 5000S now features the new WMF Dynamic Milk system, which gives both hot and cold milk foam and several different foam types. Whether it is a busy conference centre, an up market hotel, the QSR environment or a busy office block the WMF 5000S is the versatile high volume coffee machine for your needs.

make **your** day

5000S

FEATURES

WMF Dynamic Milk allows you to prepare hot and cold foamed milk drinks from the single machine, allowing you to increase your product line, with minimal staff training.

The WMF Plug&Clean system is the only fully automated and HACCP certified milk cleaning system on the market. This a patented technology and exclusive to WMF.

The WMF 5000S brewer has been redesigned for the high volume market and can be removed by hand in seconds, allowing for unparalleled service capabilities.

ENERGY EFFICIENT
CERTIFIED BY HKI CERT

The WMF 5000S features class leading energy efficiency with savings up to 35% in class (Independently certified through HKI Cert with standard DIN18873-2)

The 5000S is more environmentally friendly with reduced energy consumption, fewer chemicals and almost entirely recyclable. WMF is an ISO 14001 Certified brand.

Data backup, software updates and cleaning protocol downloads – download and set with a USB stick, in line with HACCP-compliant operation.

The Steam Jet brings every cup to the correct temperature in a matter of seconds.

The 5000S features an LCD menu system that can be customised for self service, food service operations and is brandable.

Large, removable, lockable product hoppers. The coffee bean hoppers are dishwasher-proof. Ideal for easy cleaning.

Cleaning and other user functions are a breeze with a user manual of easy to follow illustrated animations on the LCD screen during the process.

WMF , **New Zealand has** sales & service network with trained service engineers. WMF can provide forecasted service costs for all models.
